That Nebraska Apple Seedlings are to the front for quality. Here are three unsolicited replies from heavy shipments to nurserymen who have spent a lifetime in the business, and are good authority. I can furnish as good testimonials by the score.

"The Seedlings are very satisfactory, graded up to notch and are very fine."

The Smallest order will be filled with as good Seedlings as these.

I have had extensive experience in the seedling business for the past thirteen years and I want your trade if good grades, good packing, fair prices and square dealing will get it. Sales have been good but I can still offer
